

## Presidents Report 2023

After 5 years as Club President this is my last report in that capacity.

Reflecting for a minute, Clubs come in all shapes and sizes with a mix of people and personalities. The thing that impressed me about CBC when I joined was the people. Starting with Barry Emms who made me feel welcome from day one, followed closely by all the other members who went out of their way to introduce themselves and provide tips and help.

Also, I could see a real team spirit with members helping the OOD at the start and end of the day. Nine years on that hasn't changed. I'm very proud of the club culture, we are an eclectic bunch of people who work really well together, all wanting the best for the Club.

So, thank you for your contribution, we all play a part, big or small in its success. A special thank you to our first-class committee who are all very talented people, working hard on your behalf and doing an amazing job.

In closing, the Club is in good shape although it would be good to see a growing membership. This is something we can all play a part in by introducing friends, family and workmates to the sport. You know the old saying "like attracts like", if you like the sport then those you associate with might also.

That's all for now, I look forward to seeing you at the track.

David Tillman
